It's the simplest kind of a thing,-merely a little twist of gold wire, - but it does a lot of things that you want done. In the first place, it holds your tie in place in front. It cannot slip up nor down nor sideways. Again, in a string tie, it enforces a "square" knot, -the kind you seldom get yourself, if you are the average man. Again, it is easily put in place, requires no accurate adjustment, and goes on after the collar is buttoned. Finally, it costs but 10c. A little price for a big
